Re-imagining Cinestudio's Ticketing Solution

Erkin Verbeek '21, Will Estony '21
Department of Computer Science, Trinity College
Advisor: Professor Ewa Syta

Motivation

Cinestudio's current ticketing system is:
- **Unintuitive**
- **Slow**
- **Unreliable**

We have experienced these issues firsthand as ex-volunteers ourselves

Key Features

Our solution *improves* upon and *adds* to the key features of the current system:
- **Sell Tickets**
  - Cash
  - Credit Card
- **Event Scheduling**
- **Donor Information**
- **User Management**
- **Ticket Sales Logging**
- **Privacy**
  - Data Encryption
